C. V#21-592 Activities within 100 feet of wetlands-David Harding, 570 Morehouse Road, Easton CT, issued August 12, 2021. Chair Wollen wrote to Mr. Harding on June 9<sup>th</sup>, 2022 levying a \$1000 fine without any response. On 10/7/22 the First Selectman advised staff that Peter Howard has been appointed as Hearing Officer and directed staff to work with his Assistant to initiate legal proceedings due to non-compliance pursuant to Chapter 325 of the Town Code. The hearing was held on December 9, 2022. During this hearing Mr. Harding asserted he had obtained a farm designation for his property. His friend and neighbor, Dan Phillips, who also appeared, said Mr. Harding's property was covered by the Stanczyk's permit for regulated activities. Mr. Harding was expected to appear at this meeting with an As of Right Determination request and also provide information regarding the alleged activities at the rear of his property. Mr. Harding has not submitted any application. Mr. Howard sent Mr. Harding a follow up letter on 1/6/23. As of tonight, 2/14/23, no word from Mr. Harding and the case will be turned over to outside counsel for further handling. - 3/28/23 – As of Right Determination request received – but without signature. It was removed from the agenda on 5/9/2023 by unanimous voice vote as it was incomplete. 5/23/2023 – David Harding and his friend/neighbor, Dan Phillips appeared in response to the 5/17/23 letter informing him that the As-of-Right determination request was deemed incomplete and therefore it was removed from the agenda. Chair Wollen handed Mr. Harding the As-of-Right determination request #23-635 and asked him to sign and date it and stated that the clock for this case would start tonight. Mr. Harding wanted Mr. Phillips to speak for him. A discussion ensued re the necessity of the As-of-Right request and was determined that the work Mr. Harding has been doing does not need any permit unless it is performed in a regulated area. Mr. Harding stated that he has been harassed by neighbors and the Town. He claimed that the reason he was issued a warning and a violation because of all the harassment. Chair Wollen stated that none of these allegations are due to the Conservation Commission and there is nothing we can do about them. Chair Wollen asked Mr. Harding to describe his plans in detail for both the front and the back of the property. For the front he is planning to plant Xmas trees and he refused to talk about the back of his property, except that he was not working in wetlands. Mr. Phillips discussed the violations and the Dec 9, 2022 hearing. Cathy Alfandre suggested Mr. Harding pick two or three dates at which time the Commission members could come and inspect the areas of the property that are subject to V#21-592(8/12/21) and the Warning (5/17/21). 6/13/2023- Chair Alfandre read into the record a memo from the WEO Mark DeLieto. The WEO stated he had been invited onto the property by Mr. Harding who stated that he would not allow the Commission to conduct a site visit upon the advice of his attorney. Several members expressed surprise at Mr. Harding's change of mind, since he had been amenable to a site visit at the end of the last commission meeting (5/23/2023) There was a discussion of how to proceed. A suggestion was made to ask Mr. Harding's attorney to contact the Commission. It was decided to ask the WEO to revisit and take photographs and make a comprehensive report on the condition of the property. 6/27/2023.
