**ARTICLE XXXV
SUBSTANCE ABUSE POLICY
(DRUG TESTING)**

**POLICE DEPARTMENT OF THE TOWN OF EASTON SUBSTANCE ABUSE POLICY FOR
EMPLOYEES**

The provisions of police services to a community are an extremely responsible and hazardous activity. Therefore, the safety of the Department's employees and equipment, as well as the safety of the general public, are of paramount concern. Due to the nature of the Department's work, any imprecision, inaccuracy or lack of clear thinking on the part of any employee brought about by the use or misuse of drugs or alcohol is clearly unacceptable as it exposes many people to the risk of injury or death. For this reason, and also to comply with any obligations the Department may have under the Drug-Free Workplace Act of 1988, the attainment of an alcohol and drug free workforce is one of our Department's primary goals. This Policy is an important subpart of the Department's general policy, which requires all employees to be in suitable mental and physical condition while at work and to perform their jobs in a satisfactory manner. Because of the Department's commitment to safety and to fulfilling any obligations it may have under Federal laws, the Department has established the following rules and regulations regarding alcohol and drugs:

SECTION 1: IN GENERAL

1.1 Definitions & Scope

1.1.1 For the purposes of this Policy, being "under the influence" means that the employee is affected by a drug or alcohol or the combination of a drug and alcohol in any detectable manner. The symptoms of influence are not confined to those consistent with misbehavior, nor to obvious impairment of physical or mental ability, such as slurred speech or difficulty in maintaining balance.

1.1.2 "Illegal drug" means any drug [a] not legally obtainable or [b] legally obtainable but not legally obtained or used. Therefore, the term includes prescription drugs obtained illegally and prescription drugs not being used for prescribed purposes. It also includes marijuana, cocaine, heroin, and derivatives of those drugs, among other illegal drugs.

1.1.3 "Legal drug" includes prescribed and over-the-counter drugs legally obtained and being used for the purpose for which they were prescribed and/or manufactured.

1.2 This Policy applies to all employees of the Department.

SECTION 2: ALCOHOL

- 2.1 Consuming alcohol or being under the influence of alcohol during working hours or in Department vehicles at any time is prohibited.
- 2.2 The possession, purchase, transfer or sale of alcohol during working hours or in Department vehicles at any time is prohibited.

SECTION 3: LEGAL DRUGS

- 3.1 No legal drugs shall be brought onto Department owned or controlled premises or into a Department vehicle by any person other than the one for whom the drug was properly prescribed; however, with the permission of the Chief of Police, or his designate, an officer may pick up prescriptions for family members. Legal drugs are to be used only in a manner, combination and quantity as prescribed or directed.
- 3.2 For certain job positions, an employee's use of legal drug(s) can pose a significant risk to the safety of the employee or others. Therefore, employees shall immediately inform the Department when the prescribing physician advises the employee that such drug(s) will impair working abilities.

SECTION 4: ILLEGAL DRUGS

- 4.1 Using or being under the influence of illegal drugs at any time is prohibited.
- 4.2 The manufacture, distribution, dispensation possession purchase, storage transfer or sale of Illegal drugs at any time is prohibited.

SECTION 5: DISCIPLINE/DISCHARGE FOR VIOLATIONS

Any violation of Articles 2, 3 or 4 will subject the employee to discipline up to and including discharge, even for a first offense.

SECTION 6: POST-EMPLOYMENT INVESTIGATIONS

6.1 Chemical Testing

6.1.1 The Department, by a Sergeant or above, may require an employee to submit to a blood test, breathalyzer test, screening test or urinalysis for drugs and/or alcohol if the Department believes there is reasonable suspicion that the employee is under the influence of drugs or alcohol during working time or while in a Department vehicle. Probable cause shall be supported by an affidavit signed by an officer of the rank of Sergeant or above attesting to his or her belief that probable cause exists. For all purposes under this Policy, reasonable suspicion shall be defined as a belief based on observed specific, objective facts where the rational inference to be drawn under the circumstances is that the person is under the influence of drugs or alcohol.

6.1.2 Any employee who refuses a request to submit to drug and/or alcohol testing pursuant to Section 6.

1.1 will be subject to discipline up to and including discharge, even for a first time refusal.

6.1.3 Any employee who receives a confirmed positive drug test for illegal drugs designated in Section 7.2, which shall be submitted to an approved laboratory or another testing facility which is mutually acceptable to the Town and the Union, will be subject to discipline up to and including discharge, even for a first offense.

6.1.4 Employees will be given a reasonable opportunity to provide an explanation acceptable to the Department for a confirmed positive drug test result for legal drugs whether listed or not listed in Section 7.2 or a positive alcohol test. An employee providing an unacceptable explanation will be subject to discipline up to including discharge, even for a first offense.

SECTION 7: TESTING PROCEDURE

7.1 All employees subject to testing pursuant to Article 6 will be provided with consent forms for post-employment alcohol and drug screening. No individual will be tested without having first executed such form. The Department reserves the right to discipline, up to and including discharge, any employee who refuses to execute and fully complete a consent form pursuant to the provisions of this Agreement.

7.2 The Department will test for the following substances, for other illegal drugs and for any other substances as may be required by State or Federal law or regulation:

Alcohol

Marijuana [cannabinoid metabolites] Amphetamines Methadone

Barbiturates Hallucinogens

Benzodiazepines Opiate derivatives [heroin, morphine, codeine]

Cocaine Metabolites Phencyclidine [PCP]

Methaqualone

The Department reserves the right to conduct a periodic review of the foregoing list and to add additional drugs to the list, with notice and meeting with the Police Union.

7.3 All specimens for urinalysis testing will be collected at Department designated medical and/or testing facilities and will be performed at the Department's expense.

7.4 Any urinalysis drug test determined to be positive shall be confirmed by a second urinalysis drug test. Any sample determined to be positive after said second urinalysis drug test shall be confirmed by a third test performed utilizing Gas Chromatography/Mass Spectrometry or an equally reliable methodology. All testing shall be conducted in a manner that will ensure that the chain of custody has been maintained.

7.5 If urinalysis drug testing is used, no Department representative or agent shall directly observe the

employee producing a urine specimen.

7.6 Employees will be provided test results and copies thereof upon request.

7.7 All medical records, including records pertaining to alcohol or drug tests or the therapy or rehabilitation efforts of drug or alcohol-dependent employees are protected as medically confidential. Information concerning drug screening and rehabilitation procedures involving employees will not be revealed except as appropriate on a need to know basis for the purpose of protecting the employee's safety, the safety of others, or Department operations or property or upon the order of a court or administrative body having jurisdiction or upon the written authorization of the employees.

SECTION 8: CRIMINAL DRUG STATUTE CONVICTIONS

8.1 Upon his or her conviction for a violation of a criminal drug statute, an employee must notify the Department of the conviction within five [5] calendar days.

8.2 An employee convicted of such a violation of a criminal drug statute will be subject to discipline up to and including discharge, even for a first offense.

8.3 For the purposes of this Policy, "criminal drug statute" means a federal or nonfederal criminal statute involving the manufacture, distribution, dispensing, possession or use of any controlled substance.

8.4 For the purposes of this Article, "controlled substance", means a controlled substance in schedules I through V of Section 202 of the Controlled Substances Act [21 U.S.C..812] and as further defined in regulation at 21 CFR 1308.11-.15

8.5 For the purposes of this Policy "conviction" means a finding of guilt (including a plea of nolo contendere) or imposition of sentence, or both, by any judicial body charged with the responsibility to determine violations of the federal or state criminal drug statutes.

SECTION 9: EMPLOYEE ASSISTANCE PROGRAM

9.1 Both the Town and the Union strongly favor a drug free work environment. To that end, employees are urged to seek counseling, evaluation, and treatment if needed. The Town shall establish a list of area resources for counseling, evaluation and treatment.

VOLUNTARY REQUESTS FOR ASSISTANCE

If an employee requests help for a substance abuse problem before his or her job performance has been adversely affected, the Town will offer rehabilitation assistance. The employee must voluntarily request this assistance and must voluntarily agree to comply with the terms of the rehabilitation program. All requests for such assistance shall be made to the Chief of Police. Certain approved treatment expenses are covered by the Department's major medical plan. If an

unpaid leave of absence is required for adequate treatment, it will be granted for a period not to exceed forty-five [45] days. Accrued sick days and/or accrued vacation days may also be utilized, if requested by the employee. Any information which the Department receives from the employee or others in connection with treatment, such as requests for leaves of absence, etc., will be treated with confidentiality. It is the responsibility of each employee, however, to seek assistance from the Department before alcohol and drug problems lead to disciplinary action, which can include discharge for a first offense. The employee's decision to seek assistance through the Department or a rehabilitation program will not be used as a basis for disciplinary action and will not be used against the employee in any disciplinary proceeding. Further, the employee's job, career, and promotability are not diminished due to any application for assistance or involvement in a treatment program.

In coordination with a rehabilitation program and/or upon the expiration of a leave of absence for rehabilitation purposes, the employee will be allowed to continue working or will be returned to work when the employee voluntarily agrees to submit to alcohol and drug screening, fully at the Town's expense, including blood or urine tests on a periodic or random basis for a period of one [1] year from the completion of the rehabilitation program. Failure to remain alcohol and drug free upon completion of a rehabilitation program will result in immediate dismissal.

Employee assistance is a two-way street. We recognize the need for Department understanding and involvement and are committed to offer such understanding and involvement. Individuals who are afflicted by these disabilities, however, must recognize the need to seek aid immediately. Since a violation of the rules established by this Substance Abuse Policy may result in immediate discharge, a request for employee assistance after such a violation is too late.

SECTION 10: MISCELLANEOUS

10.1 Searches

The Department reserves the right to conduct unannounced searches of its property, vehicles and facilities, including work areas, desks and lockers assigned to employees, at any time. No employee has the right to interfere with or object to such searches of Department property based on expectations of privacy or otherwise.

The Department for probable cause, as required by statute, reserves the right to search personal property belonging to employees, such as but not limited to, lunch boxes or bags, pocketbooks or briefcases if such property is brought onto Department premises or into Department vehicles. Searches of the persons of

employees, including articles of clothing being worn by employees, are prohibited unless under authority of a search warrant.

10.2 Involvement of Law Enforcement or Regulatory Agencies

Violations of this Policy shall not be referred to local, state and/or federal law enforcement agencies with the sole exception being violations uncovered as a result of a criminal investigation and subject to all normal procedural and substantive due process.
