

## **ONCE I RECEIVE A PERMIT, DO I NEED AN INSPECTION?**

Yes, all work must be inspected. It is the responsibility of the permit holder or their agent to notify the building department that the work is ready for inspection. Call the office at 203-268-6291 ext. 111 to schedule an inspection. Your inspection will be either virtual or in person depending on the situation.

### **The Following Inspections Are Required**

- Footings – forms must be inspected and approved before concrete is poured for footings.
- Foundations must be inspected before any structure is back fills.
- Mechanical fasteners must be inspected.
- Framing, rough plumbing rough heating, and rough electrical work must be inspected and approved before walls are enclosed with any materials and before insulation is installed. Note that decks and similar structures require a framing/flashing inspection.
- Insulation must be inspected and approved before sheetrock is installed.

**Final inspection must be completed before any new structure or addition may be occupied.**
