HOURS Monday through Friday 8:30 to 3:30

Dear Friends,

There is so much good news, and many things returning to normal, but safety is still a priority and even if you're vaccinated you should consider wearing a mask indoors or public places where you are uncertain of who has been fully vaccinated. Also, the "no mask" policy may not apply everywhere, businesses can determine their own rules about if you are required to wear a mask, so always have one with you. This is for your own safety, and the safety of others around you. There is still the worry of these variants and so please, protect yourself by wearing a mask! Okay, I'll get off my soapbox and ask you to please read below for some information on indoor and outdoor activities! Here's to the start of an enjoyable summer!

Be safe,
