Trumbull, CT 06611
(203) 452-5070

November 12, 2020

Mr. Ed Nagy
Easton Public Works Dept.
15 Westport Rd.
Easton, CT 06612

Re: Hazardous Waste Day Billing

Dear Ed:

Following is the breakdown for the Town of Easton Hazardous Waste Day held in Trumbull on Saturday, 10/24/20. The cost is \$35.00 for a full household and \$18.00 for ½ household, plus the setup fee:

½ Households	42 x \$18.00	= \$ 756.00
Full Households	19 x \$35.00	= \$ 665.00
1/3 of the setup fee		= \$ 2,380.00
Total		\$ 3,801.00

If any additional information is required, please feel free to contact me at (203) 452-5071.

Please be advised that Tradebe Environmental has been paid. Therefore, please make your check payable to *Town of Trumbull* and remit to the following address:

Trumbull Highway Dept.
366 Church Hill Rd.
Trumbull, CT 06611

Regards,
Traci Stone
Office Manager

ANNUAL REPORT -2019/2020
EASTON PUBLIC WORKS DEPARTMENT

The Easton Public Works Department continued in its efforts to maintain and improve the 94.41 miles of roads and in caring for other department responsibilities.

The department's duties include: snow and ice removal during the winter season; street sweeping; pot hole repairs; roadside mowing; guide rail repairs; installation and repair of street and traffic signs; tree and brush removal; installation and repair of curbing; and maintaining Town bridges, pavement preservation, road paving, drainage installation, and catch basin cleaning.

Though the department is a much varied and capable unit dealing with many facets of road construction, repair and maintenance, the department is most always in people's minds when snow and icy roads occur. Easton had a total of 13.25" inches of snowfall, which required the Department to plow on 4 different occasions. Salting of the Town roads occurred 8 times consuming 702 tons of salt in the process.

The Public Works Department's spring and summer months are used to prepare roads that will be involved in the Town's chip sealing program for that year. Included in the preparation of the roads are brush cutting, grading back the road edges, removal of boulders from under the existing pavement, patching of these holes, installation of any needed drainage or repairs to existing drainage, crack sealing of existing pavement, sweeping of the road and the application of a leveling course of hot mixed asphalt to maintain proper drainage, which leads to the application of hot liquid asphalt and then covered with a layer of 3/8" Trap Rock. The program comes to its completion about a month later when the excess stone is swept up. During the past year, 7.75 miles of road was involved in this program, with the use of 41,4777 gallons of road oil.

This past year the department's drainage program entailed:

- 1 New precast manhole
- 4 New catch basins were installed
- 9 Catch basins were repaired or rebuilt
- 140 Feet of 6" Perforated PVC under drain pipe installed
- 60 Feet of 15" R.C.P. storm drainage pipe installed

The department takes care of all street and traffic control signs on the Town's roads. This past year saw 29 new signs and 14 posts installed and 8 signs repaired and reset.

Sections of Burr St, Vista Dr and Woodland Dr were upgraded with an overlay of hot mix asphalt. Repairs were also performed on the driveways at Hellen Keller Middle School as well as Samuel Staples Elementary School.

Reconstruction of the South Park Avenue Bridge #04211, by Buck Hill Road continued, proposed to be completed in Summer 2020. A State LOTCIP Grant funded the construction.

This year's projects include the sidewalk at the Library being reconstructed. Removal of the 10,000-gallon UST oil tank from the North side of the building at 660 Morehouse Rd. The Town's crew also made improvements to the basketball court at Helen Keller Middle School. The court was repaved, the fence was repaired and the backboards were refurbished. The Town's crew also formed and poured the foundation, set the precast concrete building and connected the plumbing for the new bathrooms at 413 Morehouse Rd.

The Town's crew continued scheduled work with the bucket truck to render needed attention to dead trees and hazardous limbs hanging over the Town roadways. The Emerald Ash Borer has decimated the Town's Ash trees which required removal. The Town's crew removed 504 trees this year. The tree work was done in unison with the Town Tree Warden. The crews were also used the bucket truck to maintain the Town's parking lot lights.

The Town purchased a new Front-End Loader with bucket and various attachments.

Applications for 20 driveway permits and 9 road-opening permits brought in \$775 in fees.

The department continued the maintenance responsibility of the former Samuel Staples School, now known as 660 Morehouse Rd. along with working outside of the Public Works Department which accounted for over 2363 hours of work throughout the Town in unison with the Park and Recreation Department, Board of Education, Town Hall, Library, Easton Police Department, Animal Control, EMS and the Conservation Commission.

Edward Nagy, P.E. - Director of Public Works/Town Engineer

NOTICE

The Town of Easton's 2020 draft Annual Report for the Stormwater Management Plan will be available at the Town of Easton Public Works Facility, 15 Westport Road, from March 2, 2021 through April 2, 2021 for public comment.

All Town residents, officials, building contractors, and businesses are encouraged to view this document. The Town is complying with Federal and State regulations by applying to the CTDEP Small Municipal Separate Storm Sewer System Permit. In compliance with the permit, the Town has created a Stormwater Management Plan. An Annual Report will be created for each year covered by the permit. These documents are required to undergo a 30 day public review.
