1. Discussion and possible action on opening of recreational areas in Easton for the summer of 2020.

The commission, First Selectman, and Park and Rec staff discussed making some facilities available to Easton residents during the current COVID-19 pandemic. It was decided that tennis courts will be made available to Easton residents for singles games once signage with guidelines has been delivered. Playgrounds will remain closed. Recreational sports for out-of-town user groups will be declined for Summer 2020. A decision on in-town recreational based sports will be decided pending the State announcement on Friday, May 15th regarding State guidelines for re-opening Connecticut. Lower Veterans field will be made available to Easton residents after Memorial Day weekend for passive family recreation and there will be access to soccer goals on the field. Residents will be asked to adhere to the guidelines posted on signage for time limits, max-person usage, and social distancing. These guidelines will also be posted on social media platforms as well as the Park and Recreation website. Further discussion will be had next week regarding day camps and recreational sports.
