

Sister Cities. Local Action, Global Impact

Easton and Sviatohirsk

In March 2023, a new Sister City program was launched between Easton, Connecticut, and Sviatohirsk, Donetsk, Ukraine. The program, managed through Ukraine Aid International, aims to establish a strong relationship between the two towns and provide much-needed aid and support to the people of Sviatohirsk, who have been severely impacted by the ongoing war in Ukraine.

We are excited to begin this partnership and look forward to the opportunities it will bring for cultural exchange and mutual benefit. If you would like to contribute to this program, please click the donate button and select "Easton - Sviatohirsk Sister City" to ensure that your donation reaches the right place. Thank you for your support as we work to build lasting connections and provide vital aid to those in need! We will keep this page updated with progress reports, photos, and videos of the work we are doing in Sviatohirsk.

Support the people of Sviatohirsk, Ukraine
