

# INNOVATION

## SQUAD

**Thursdays, May 9th & June 13th  
@ 4:30 PM  
(Gr. K-5)**

Join us for some hands-on tinkering, creating, and innovating. In May our Innovation Space turns 2, so we're celebrating with a Technology Petting Zoo! Try your hand at the many different items we have available in our Innovation Space and see how much fun creating can be. Then join us again in June as the fun continues with our new Weaving Looms.

**Registration suggested.**
