One Book/One Town Community Read

In this moving memoir, Magdalena Newman, with the help of her son, tells the story of raising Nathaniel, who was born with a severe form of Treacher Collins Syndrome, a cranio-facial difference. This uplifting story of a family tackling complex and terrifying circumstances with love and resilience is a true testament to Magda and her family, and to families everywhere who quietly but courageously persist. There is also a Young Readers' edition of the book, written primarily in Nathaniel's voice.
