EASTON POLICE DEPARTMENT

PRESS RELEASE

Criminal Mischief / Vandalism

The Easton Police Department is investigating numerous reports of theft of political signs, and vandalism with political messages painted on the streets. We are asking the people responsible to please refrain from this type of behavior, as it is taking time and valuable resources away from the police department, and the availability for our officers to serve the community in other areas.

This behavior also puts a strain on the Public Works Department in both time and money trying to remove the acts of vandalism. Anyone caught will be arrested and charged with Criminal Mischief.
